No Rain Yet—Crop Deteriorating

The crop picture has shown little change from last week according to reports of Alberta Wheat Pool agents throughout the County of Vulcan.

Stubble crops are deteriorating due to the lack of moisture but crops in summerfallow are holding up well and a good rain within the next week could result in these crops yielding fairly well. Haying is nearing completion.

AT Vulcan and Champion

County Concerned About Teacher Housing Situation

A school committee report, discussed by the County of Vulcan Council at its regular July meeting, pointed out that the shortage of suitable housing at Vulcan and Champion has resulted in a number of teachers being unable to find housing accommodation. This situation adds to the difficulty of hiring new teachers and has become a real problem.

One problem has been solved by the purchase of a porta-home to be located at the Brant school but other housing is needed at Vulcan and Champion.

It was suggested that one solution to the housing problem would be for the County to borrow a sum of five-year-term money and provide some accommodation at Vulcan and Champion. It was agreed that the School Committee would have a report for the next council meeting, showing the amount of funds necessary for this purpose and this would be provided by by-law.

At this meeting of the County Council, the Council Room in the new administration building was used for the first time.

Ivor Oberholtzer interviewed the Council in respect to a road adjacent to the N. E. 10-21-24-4. Mr. McNiven, councillor for the area, assured Mr. Oberholtzer that this road project was on the County's road building program and that the road would be improved as soon as possible.

It was moved and carried that the County offer Miss Elsie Thompson the sum of \$8,000.00 for a dwelling house.

The proposed new addition to County Central High School was discussed and the plans explained to the councillors. It was noted that the addition would require the sum of \$335,000. and it was felt that this would be provided under the School Foundation Program.

A map showing the installation of the power line to serve Dome Petroleum Ltd. gas plant on the S.E. 24-15-22-4 was presented to the meeting. It was moved and carried that the installation be approved.

Mr. Haga reported to the meeting on the activities of the Municipal Committee for the month of June, and spoke of the progress which was being made at the present time. The weather had been very favorable for paving operations, and good progress was being made. There appeared to be no serious problems or other matters requiring special attention. The road program was progressing favourably.

J. Lundy Findlay and Mr. Jones of the Emergency Measures Organization interviewed the Council at some length and explained the operations of the organization and the work it was doing. They spoke in detail in respect to the plans for re-organization of the Vulcan Unit. The councillors were favorably disposed to the general work which is being done by the organization, and co-operated with them in authorizing the use of adequate quarters for the setting up Unit Headquarters in the old County Building. The quarters would be occupied as soon as possible.

Mr. Irwin reported to the meeting in respect to the operation of the Blackie Seed Cleaning Association.

MUNICIPAL COMMITTEE

Ulrich, F. E. Hubka and D. A. McNiven were present. Also present at the meeting were Robert Brown, Shop Foreman, Martin Dersch, Construction Foreman, and K. H. Gatenby, Assistant Secretary-Treasurer.

R. Moffat, heavy-duty truck representative of Ford Motor Company and Norman Pettie, the local Ford dealer, were present to answer any questions arising on the warranty and specifications on the trucks recently purchased. After considerable discussion it was the unanimous decision of the Committee to accept the trucks as delivered.

It was moved by D. A. McNiven and carried that the Secretary write to the P.F.R.A. requesting them to install the culvert on the Milo road as soon as possible, as the wet conditions were hampering the paving of this road. A letter was also sent to R. McFetridge, District Engineer, advising him of this request.

It was moved by F. Hubka and carried that the accounts for road building and gravelling in the Village of Lomond be subject to a 15% discount on the machinery rental rates in accordance with the County's policy.

Trail Riders Enjoy Camp At Willow Creek

Big trucks, pick-ups and cars with trailers struck out on July 15 for the Willow Creek area and the start of another annual trek into the foothills and mountains for members of the Vulcan Light Horse Association and their horses.

Some 62 people, young and old, made the trip and took with them 47 horses. Camp was made on the upper Willow in the forest reserve on Friday, with Saturday and Sunday devoted to day long trail rides under the guidance of trail boss Howie Marshman. The trip back to Vulcan was made on Monday.

Healthy appetites kept chief cook Margaret Hanna and her helpers busy feeding the hungry riders.

One bear was sighted but gave no trouble. There had to be a dash of the Calgary Stampede thrown in, of course, and this took the form of a tremendous ride on top of a bucking horse by one of the group, who, in trying to save a camera, lost the contest to the horse.

to the school grounds closed after school hours.

It was moved and carried that the County purchase 1000 feet of 1/2 inch rubber hose and 3 rotating sprinklers for use in the grounds at County Central High School. Morris Kerr of Stevenson, Rain, Barrett, Hutton, Seton and Partners, Architects, Calgary, presented sketch plans for the proposed addition to County Central High School and was instructed to present estimated costs and detailed drawings to the County Council on Friday, July 14th.

It was moved and carried that the School Committee recommend to the County Council that the County enter into an agreement with Stevenson, Raines, Barrett, Hutton, Seton and Partners, Architects, Calgary, for the proposed addition to County Central High School.

The Secretary-Treasurer was instructed to write to the Council of the Town of Vulcan requesting that some consideration be made in the water rates for County Central High School due to the large quantity being used.

Attend Queen's Garden Party In England

Mr. and Mrs. Budd Andrews and family are presently on a seven-week vacation in England, Ireland, Spain and Portugal and a recent letter to Mr. and Mrs. Charlie Andrews reveals that Budd, Joan and daughter Kathryn were guests at the Queen's garden party at Buckingham Palace in early July.

About 2,000 guests were at the party, according to Budd's letter, and it was held on about 20 acres of lawn at the palace. The beautiful gardens and surroundings were particularly impressive and the chance to rub shoulders with royalty added to the pleasure of the Andrews' stay in London.

County Band Winds Up Active Season

After a full and quite successful season members of the Vulcan County Band are on holidays until school opening in September.

In addition to appearances earlier this spring the band took part in the June 9 Rodeo parade at Brooks and also were a part of the Elks July 1st parade at Vulcan. On July 8th the band was one of several which appeared at the Fort Macleod Rodeo parade. This day's engagement was much enjoyed by members who left Vulcan during the morning to be at Fort Macleod for the afternoon parade. They stayed until early evening when they took part in the infield ceremony marking the official opening of the new rodeo

grounds. Although the now-famous wind almost blew the infield clear, and made conditions less than ideal, band members were impressed by the show and particularly by the newly built grounds. Tons of fill have been pushed into the formation of the rim of a huge bowl which slopes down from about 40 feet in height to the infield. On this slope permanent seating for several thousand spectators has been built. The first time the grounds were used was for the appearance of the RCMP Musical Ride when an estimated 10,000 viewers crammed seats and standing area for the spectacle.

Unique to the plan is the fact that all seats are equi-distant from

the centre of activity on the infield. Infield chutes and corrals, etc., are all of metal construction and are completely portable.

The band was to have taken in the Medicine Hat Stampede parade this Thursday, but it was found that band numbers would be seriously depleted with students going to Expo and others on holidays so the engagement was cancelled.

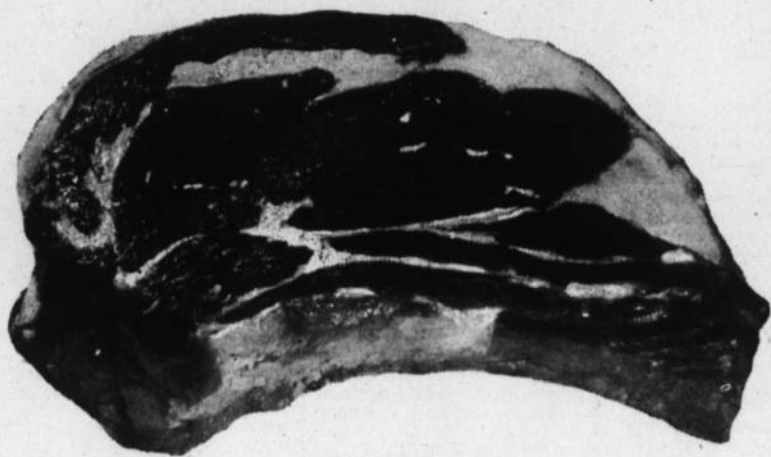

Several youngsters will be taking part in the last activity of the summer, band camp at Goodeye Lake. This popular two weeks late in August is an annual event organized by bandmaster Art Dee and includes, in addition to several hours of practice and instruction

daily, swimming, sports, evening campfires and cabin living.

Two young band members earning a free trip to camp this year are Betty Kehr and David Munro. Betty won the band trophy and scholarship while Davids trophy and trip were courtesy of Fred de Jong of Vulcan Bakery.

The interest of parents is an encouraging sign to the band. For these travelling engagements several parents usually go along when possible and the band is hoping that such chauffeurs as the Gottenbergs, Morseths and McLennans who seem to be always on the go with the band, will take up instruments themselves and make their outing completely worthwhile.

Mrs. Elder presented Mrs. Taggart with a small gift on behalf of the ladies present and wished her well on her trip. Mrs. Taggart flies from Calgary on Thursday, August 3, on a Co-Op chartered plane. Also on the flight is a former Queenstown resident, Mrs. Day of Calgary.

Mrs. Lil McIntosh has been visiting at the home of her son and daughter-in-law, Mr. and Mrs. Lorne McIntosh and their family.

Get well wishes go out from the community to Charlie Spangler, a patient in the Calgary General Hospital.

Visiting at the home of Mr. and Mrs. Vernon McKeage is their nephew, Greg McKeage, youngest son of Mr. and Mrs. Malvin McKeage of Sedgewick, Alta.

Mr. and Mrs. Jerry Ward and family returned recently from a trip to Manitoba. They found conditions very dry in much of the territory through which they travelled.

Mr. and Mrs. John Gillanders were in Lethbridge on Saturday, July 22, to attend the funeral of Vera's uncle, Andrew Jacobson. Deepest sympathy is extended to the family. Enroute home, they visited Vera's mother who is a patient in the Willow Creek Nursing Home in Claresholm.

Congratulations and best wishes are extended from the community to Mr. and Mrs. Ray Steer on their recent marriage.

The community extends deepest sympathy to Mrs. Rathgeber and the family on the passing of her husband, John Rathgeber.

A general meeting of the Gladys Rural Electrification Assoc. held in Dinton Hall on Monday evening, July 24, the first meeting this association has held since 1962. Chairing the meeting was Jack Thurber, the president. Percy Boulton of Farm Electric Services Ltd., Calgary, and Stanly Ford, District Manager of Calgary Power Ltd., High River, were present to answer questions and discuss service problems. These related particularly to the area in the vicinity of Dinton Hall. It was decided to put cross arms on the power poles here and re-string the cables on these. It was decided to reduce the number of members on the Board of Directors from nine to seven. Several had become ineligible to hold office. The retiring directors were Jim Stewart, Alex Paul, John Webb, and Jack

Thurber. In the election of officers which followed, Claude Peckham was named president, and Wm. Willocks, vice-president. Other members of the Board are Russell Both, Stanley Gillanders, Charlie Meadows, Clarence Sutor, and Flores Groenvelde Sr. Ron McKeage will continue his duties as secretary-treasurer.

Several of the smaller boys in the district who belong to "Cubs" in Blackie were part of a group of sixteen who enjoyed immensely an overnight camping trip at the Bow River on Tuesday and Wednesday, July 25 and 26, under the very able supervision of Cub Master, Cecil Kumlin. Several fathers of the boys went along to help, and enjoyed the outing themselves.

Mr. and Mrs. Harold Snider have left for a two week vacation at the coast.

Congratulations to Mr. and Mrs. Ray Davis of Innisfail who celebrated their 50th wedding anniversary on Tuesday, July 25. Before moving to Innisfail, they lived for many years in this community where Mrs. Davis, as a daughter of the Hamilton Wark family, grew up. A family dinner for their own family and close relatives was held at noon in the lovely Spruceview Restaurant west of Innisfail, and during the afternoon and evening, open house was held. Relatives from this district who drove up for the celebrations were Mrs. Davis' sister, Mrs. Charlie Spangler; her sister-in-law, Mrs. Jim Wark, her niece, Betty Wark, her nephews, Pete Wark and Murry Spangler and his wife, Helen. Many friends and former neighbors drove up to attend the "open house", including six who had been Mrs. Davis' pupils during the four years she taught at Glenview School and who had been invited to her wedding in 1917 at St. Andrew's Anglican Church at Gladys (moved away many years ago).

Mrs. Milo Stier (Mabel Mallingier), Mrs. Chas. Hillebrecht (Evelyn Mallingier); Mrs. Harold MacDonald (Janie Raycraft); Mrs. Joe Sutor (Doris Raycraft); Herb McWilliam and Mike Raycraft. The community extends best wishes for many more happy anniversaries.

Mr. and Mrs. Bill Willocks are driving a new red and white Pontiac.

Howard, David, and Eric Meadows spent a five day holiday at the home of their grandparents, Mr. and Mrs. Bill Lausen of Carleton Place, Ont.

One of the highlights of the holiday for the boys was learning to ride calves.

Wednesday visitors, July 26, at the home of Mr. and Mrs. Stan Gillanders were Mrs. Gillanders' sisters, Mrs. I. W. Moynihan and Miss Margaret Hardy both of Calgary.

J. H. St. Clair of Calgary was a recent overnight visitor at the home of his granddaughter, Mrs. Alvin Montgomery, her husband and family.

Congratulations to the Gladys 4-H Beef Club who placed first with the best 4-H float in the Klondike Days Parade in Edmonton.

Mr. and Mrs. Ted Percival and family have left for a holiday at Kalispell.

Mrs. Ron McKeage accompanied by daughter Mary and son Allan, drove to Edmonton, July 24, where they were joined by daughter, Lorna, and continued on to Jasper thence to Banff, arriving home Thursday, July 27.

Congratulations and best wishes to Mr. and Mrs. Ronnie Bird on their 25th wedding anniversary, Saturday, August 5.

Many people returned to the district on Saturday, July 29, to attend the reunion of the Blackie School. Congratulations to the members of the committee who planned and worked so hard for this project.

Haying in the district is either completed or nearing completion, and many report a record cut of hay. Farmers in the area are taking a kinder backward look at those May snowstorms which delayed seeding for so long, but have undoubtedly been big factors in the big hay crop. Grain fields, particularly stubble crops, would welcome some of that moisture about now.

BLACKIE

FAREWELL PARTY

Tuesday evening over 75 friends of Manney and Margaret Mella gathered at the Blackie Community Hall for a farewell party held in their honour. The party started with a sing-song followed by an amusing contest. Mrs. E. Southgate gave a humorous reading on "Her First Experience With a Bank Manager". The Meadow-Larks accompanied by their father favored everyone with two musical selections.

David Sutor, Lion President presented the Mellas with a gift and Lawrence Herriman presented them with a Centennial rug and a purse of money from the community.

Manney, who with his family has been transferred to Spirit River thanked everyone and asked that his successor Bob Jones from Medicine Hat receive the same co-operation as he had.

Lunch followed in the basement of the hall.

Mr. and Mrs. Doug Mueller and family of Foremost were guests

at the home of Mr. and Mrs. L. Tucker.

Mr. and Mrs. Gordon Bateman and Mr. and Mrs. K. McKeage have enjoyed a holiday in the United States.

Those holidaying in British Columbia are Mr. and Mrs. Dallas Wooldridge and Mr. and Mrs. B. Westersund and family.

Congratulations are extended to Collette Southgate on her engagement to Gordon Gieck. A miscellaneous shower will be held for Collette in the IOOF hall Tuesday, August 8.

LETTERS TO THE EDITOR

9108 169th St.

Edmonton, Alta.

Editor, The Advocate.

Dear Sir:

I found it an impossibility to thank everyone personally for the many kindnesses shown to me over the years and more so the last few. Therefore I would appreciate it if you would print this letter in your paper.

To all who were so kind to Mother during her long illness, a very special thank you. Your cards, gifts and visits and the many other things you did for her comfort and happiness can never be repaid but were so appreciated.

I would like to express my sincere thanks to Dr. Kozol for the thoughtfulness and help he gave to Mother and myself. He was a friend as well as her doctor.

The medical staff at the hospital were always kind and did their utmost to make things easier. — Thank you.

Vulcan is extremely lucky to have a Nursing Home like Blunt's. Mrs. Minty and her staff were marvellous. The few months that Mother was there she was the most happy. The care and friendship given were wonderful.

I really wish I could have given more support to the following groups: Boy Scouts, Cubs, Brownies, C.G.I.T., Rangers Little League Baseball and Junior Hockey. The people who gave freely of their time to help our children are to be commended.

To our many friends — not only were you with us during this last difficult month, but you were close by whenever I needed you. Your friendship meant a great deal to us both and we shall miss you.

However we wish the best in the years to come and our door is always open to each and everyone of you.

Sincerely,

Wally and Shirley Franks

(Held Over From Last Week)

Dear Sir:

Last week a letter requesting another quota was circulated among elevator operators but was turned down by two farmer-owned co-operatives and by two others, one of which is also a co-operative.

While these co-operative elevator companies were formed to assist farmers the end result in Vulcan has been to hamper the operations of farmers who cannot use the wheat pools. In order to benefit a chosen few who are able to collect dividends from them.

It would be more democratic for all of these elevator operators to agree to quota requests when other companies could handle the extra grain, as the economy of the whole area is affected by the "slow down". It should also be noted that there is very little of last year's crop left around Vulcan excepting the farmers who do not own livestock.

It could also be suggested that if some elevators are still plugged while others are comparatively empty, a re-shuffling of customers to other handlers is indicated. You would probably find that other

fellows would give as good a deal, and would be happy to have your business.

If you want to know the true situation first hand, phone your own agent and ask him why he would not agree to the extra quotas, so that others at least could be permitted to move their grain or yours.

Also, if you think that Vulcan should have an open quota declared before the crop year ends, phone today stating your reasons to: Alberta Superintendent, Canadian Wheat Board at 262-2187, Calgary.

Yours Sincerely,

District Farmer.

BELGRADE—Two teenagers played an endurance game of badminton in a Belgrade street. They batted the ball back and forth for 60 minutes—a total of 3,135 strokes—before it touched the ground. They said they could even have done better, if a huge refrigerator truck had not come along the street between them. They said they could not bat the ball over it as they did over other passing cars.

HARVESTING FIELD DAY

DEFINITE

August 9th, 1:30 p.m., 6 miles North, 12 miles East and 1/2 mile South of Vulcan. Special emphasis on Combine Adjustment. Everybody welcome. Come and bring a friend.

SUMMERFALLOW AND THISTLE CONTROL

Although thistles can be controlled on arable land by one season of intensive tillage, on some soils around here it is often more effective and more economical to use a combination of cultural and chemical control methods.

Intensive tillage, which may mean as many as six or seven operations in a season, can lead to excessive pulverization in our lighter soil types. Excessively pulverized soil is very prone to both wind and water erosion.

After the annual weeds and volunteer grain have been destroyed by cultivation early in the growing season, I would recommend the following procedure for a cultural and chemical thistle control program. The thistles should be sprayed when they begin to bud, you can use either 2,4-D or MCPA, at a rate of 1 pound of active ingredient per acre, or a mixture of dicamba and phenoxy herbicide, such as "Banvel 3". A mixture of these herbicides should contain not less than 8 ounces active ingredient per acre. The suggested rate for "Banvel 3" is 24 fluid ounces (12 ounces of acid) per acre in not less than 4 gallons of water.

Thistle infested fields should be thoroughly cultivated within 3 or four weeks after the chemical application, or as soon as the thistles show signs of regrowth. It is extremely important to prevent the thistles from appearing above ground for longer than a week at any time, but especially during the latter half of July and during August and September. It is dur-

ENSIGN

Congratulations to Mr. and Mrs. Elmer Hansen who celebrated their 58th wedding anniversary on August 1. Mr. and Mrs. Hansen were married in Copenhagen, Denmark, in 1909. They came to Canada one week later, living in Calgary where Mr. Hansen was engaged as a building contractor 'till moving to the Ensign district in 1918 to take up farming operations. In 1953 the Hansens retired and made their home in Calgary. They have two sons, Harold and Henry of the Ensign district, six grandchildren and two great-grandchildren.

Dear Homemakers:
It's Jam Time:

Jam in a jiffy! It is not too early to start planning your "jam-making" for this summer. The usual method is to cook the fruits - but why not try making some frozen jam? Frozen jam is the newest way to preserve winter fruits and anyone who has tried it is raving about the wonderful flavour and the ease of preparation. One disadvantage (large families or large appetites will take care of it), since this jam is not cooked it will spoil fairly quickly once it has been thawed. So, keep it in the refrigerator rather than on your cupboard shelf.

Prepare in small jelly jars or quantities, as it would be necessary to keep these over a long period. In other words, use up open supplies fairly quickly.

A Jam Session - The Easy Way

—Four steps for making Jam with fresh fruit flavour and better color — without boiling.

1. Mash ripe and a few slightly under-ripe berries through food mill or colander into bowl to make a puree. Measure puree. Set aside.
2. Combine pectin and water in 4 quart saucepan. Boil hard 1 minute, stirring constantly. Remove from heat.

3. Add sugar, fruit to hot pectin. Stir 5 minutes to dissolve sugar. Pour into freezer boxes, Let jell. Freeze.

4. Thaw jam 30 minutes, then turn out. Refrigerate unused part.

Jam will keep six months in a freezer.

Frozen Strawberry Jam:
2 cups finely mashed strawberries
4 cups sugar
1/2 bottle (1/2 cup) liquid pectin

Frozen Raspberry Jam
3 cups finely mashed raspberries (sieve to remove seeds if a smoother jam is preferred).
6 cups sugar
1/2 bottle (1/2 cup) liquid pectin

Be sure to send for bulletins on canning and freezing, and making Jams, Jellies, or Pickles. The publication "Preserve by Freezing" is an excellent guide for freezing all types of food, and is available from this office at Vulcan. So if you are interested, either call in or write and we will send you a copy.

The kindness planned for tomorrow doesn't count for today.
